Weekly Report – Week [number]

Sprint [number] / [phase] [start date]–[end date]
Group 2 – Medication Safety Assistant

Prepared by: [name] **Report date:** [date]
Project board: `https://github.com/users/hyt2434/projects/3/views/1`

1 Weekly summary

[State the actual outcome, distinguishing finished, in progress and planned work.]

2 Individual contributions

Cao Hoàng Long

Done tasks. [Completed tasks, issue links, evidence, measured result.]

To-do tasks. [Next-week tasks, issue links, target dates.]

Issues for team discussion. [Concrete blocker, impact, owner and decision needed; or None reported.]

Hoàng Yến Trang – Team Lead

Done tasks. [Completed tasks, issue links, evidence, measured result.]

To-do tasks. [Next-week tasks, issue links, target dates.]

Issues for team discussion. [Concrete blocker, impact, owner and decision needed; or None reported.]

Lõ Chí Thành

Done tasks. [Completed tasks, issue links, evidence, measured result.]

To-do tasks. [Next-week tasks, issue links, target dates.]

Issues for team discussion. [Concrete blocker, impact, owner and decision needed; or None reported.]

3 Task evidence and tracking

Task	Assignee	Created	Due	Last update	Status
issue ID	[name/handle]	[YYYY-MM-DD]	[YYYY-MM-DD or not set]	[YYYY-MM-DD]	[status]

Task name and description: [For every row, link to its issue and give a one-sentence scope/acceptance summary.]

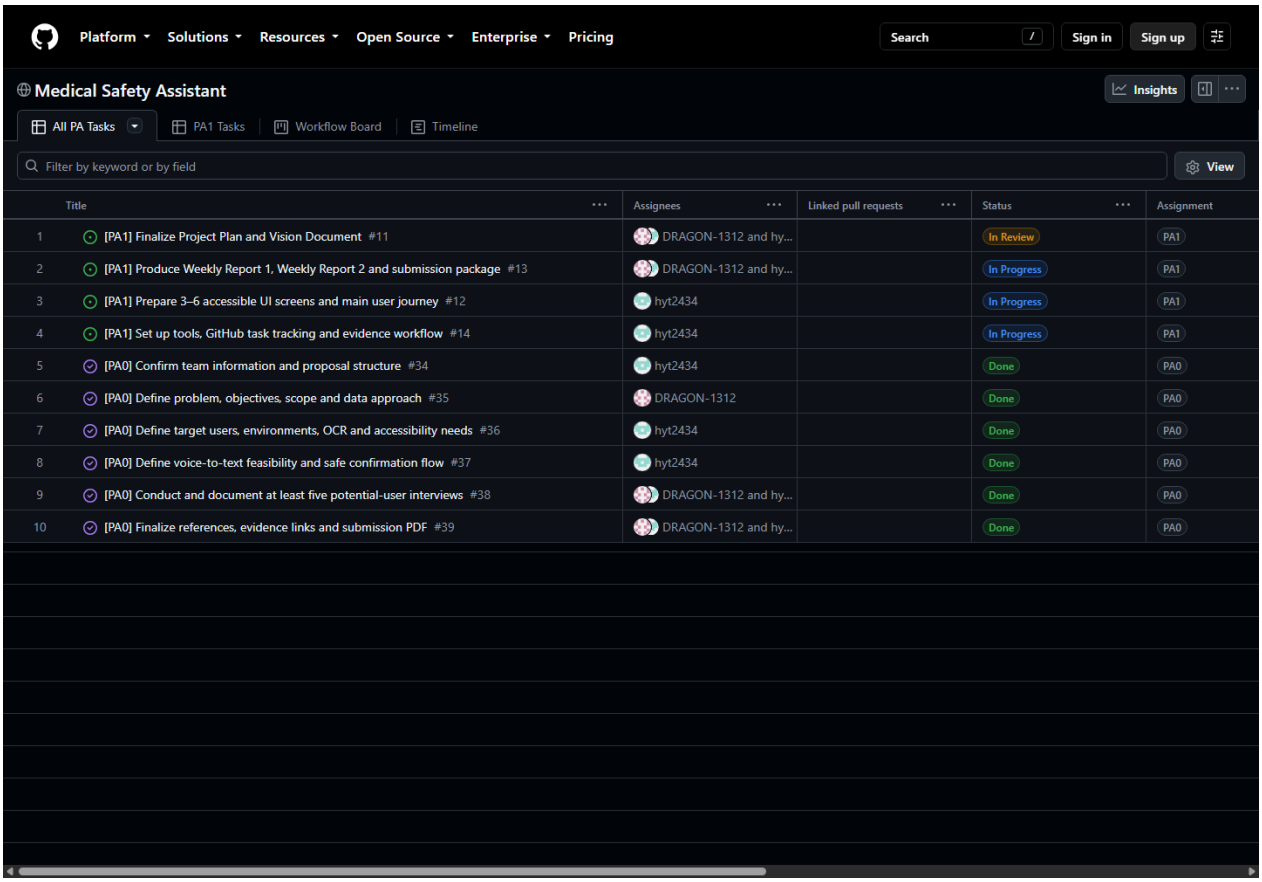

Figure 1: Replace with a fresh screenshot of the project board for this reporting date.

Per-task evidence: Insert one issue screenshot for each done and to-do task. Ensure the report or screenshot shows assignee, created date, due date, last updated date, task name and description. A missing GitHub field must be marked "not set", never guessed.

4 Git and pull-request evidence

Commit log: Attach a text export generated with `git log` for this exact reporting period. Link each coding task to its commit or PR; record "none yet" where appropriate.
Pull requests: [PR number, task number, state, reviewer, merge date or pending.]

5 Next-week handoff

[The to-do tasks above should reappear as done or explicitly unfinished in next week's report. Note the expected output and acceptance check for each.]
